

I AM such a happy, satisfied CUSTOMER. Originally, I had Majors Estimate Windows/Hurricane Shutters. Ever since then, they will be the only CONTRACTORS I will use for future work on my home. I also have saved lots of money on my electric bills. I also had them install 2 doors, 1 window. My HOME ENTRY Door Product along with my garage door/window are Beautiful & well fit. They Replaced my wood frame with Vynal + Hurricane Door 6 panel. It's so sturdy & solid + I won't need to paint the FRAME/JAM 😊

They are the most professional and COURTEOUS CONTRACTORS I have ever used. These folks TAKE CARE of everything (Permits, etc.) - Just like CONTRACTORS are supposed to do! When they come to your home they discuss all work and paperwork so you're NOT out of the loop. If you have ANY questions, they ANSWER them. I didn't feel intimidated nor did I feel pressured into anything. They worked with me on COSTS, since I don't have a STABLE income I AM RETIRED + WORK PART TIME. I save money + use my SAVINGS to get these things Done. I have used other CONTRACTORS + believe me when I tell you These Folks and the Company ROCKS!!

Plus the office workers (Jennifer) plus others (I forget some names) always help me and followed up on everything so I knew what was happening. Also, some minor things were done within a few days after completion/INSTALLATION - thanks GARY 😊

MR MAJORS - I THANK YOU!!
GREAT STAFF & WORKERS
Keep it up 😊

Wanda
